To the Attention of Livnat Kizner:

The Institute for Supply Management® currently administers the following professional certifications:

- Certified Professional in Supply Management® (CPSM®)
- Certified Professional in Supplier Diversity® (CPSD™)

ISM is the only organization authorized to grant the CPSM or CPSD designations. ISM authorizes other organizations to promote these certifications, assist students in preparation for exams and professional development, and to coordinate exam events with ISM.

ISM grants TACICC Business College the right to train candidates for ISM certifications and to provide students with ISM authorized training materials and exams. Currently, TACICC Business College is the only organization based in Israel with an active contractual agreement with ISM and is currently the only ISM-authorized training partner in Israel.

Thank you for your many years of support for ISM certifications.

Regards,

Nora P. Neibergall, CPSM, CPSD, C.P.M.  
Senior Vice President and Corporate Secretary
